

METHOD 1 · BITCOIN (BTC)

Buy & Send Bitcoin with Cash App

Already have Cash App? This is the quickest way to pay. Buy Bitcoin directly in the app with your debit card, then send it to the Soma Peptides Bitcoin address shown on your order confirmation. The whole process takes under 10 minutes.

1

Open Cash App

Tap the Bitcoin (₿) tab on the bottom navigation bar.

2

Buy Bitcoin

Tap "Buy", enter the USD amount from your order, and confirm with your PIN or Touch ID.

3

Tap "Send Bitcoin"

On the Bitcoin screen, choose "Send" and then "Send Bitcoin".

4

Enter our wallet address

Paste the exact Bitcoin address from your Soma order confirmation. Double-check the first and last characters.

5

Confirm & send

Enter the exact BTC amount shown at checkout and confirm. Your order ships once the payment confirms on-chain.

Important. Always send the **exact** amount shown at checkout, and always double-check the wallet address. Payments are irreversible. Questions? Email contact@soma peptides.us with your order number.
